Something Special

For All of Your Supporters!

Many of you have already taken advantage of our **Fundraising Supporters Database Program** where we keep a list of each organization's customers and their customers' contact information just for that group. If your group has not done this yet, please provide us with a list of your supporters! We ask for a list for some very important reasons.

When you provide us with a list of your supporters, we have a way of cross-checking all of our customers so we don't accidentally market to any of yours.

- You see, when people register their dining cards online, they sometimes forget to tell us they got their books from a fundraising group. So unless you give us a list of your supporters' names, we have no way of knowing if that person is our customer or yours.
- **We even give up our own Greater Knoxville Lifestyle customers when they become your supporters!** How? By pulling their names from our database and transferring them into yours! And it doesn't matter if a customer has been buying books from us for years, we'd rather give up the extra \$10 we would make from each purchase and have that person buy the book from your group and support you.

We want to increase your fundraising earnings year after year!

- By maintaining a database for your group, we know it will help secure supporter loyalty for you and continued customers for us. That's why we're so very careful with every group's list. We never sell, loan or give away anyone's personal information. You're very important to us, and we want your members and supporters to have the best possible fundraising experience ever.

We can now send everyone on your group's customer list ADVANCE NOTICE emails to inform them of any changes in the book throughout the year!

- For example, your supporters won't have to find out the hard way that a restaurant has closed by going there and being disappointed. We'll let them know in advance, and they'll often learn that the new restaurant opening in its place will honor the card and still give them their value.

We often have businesses call us to offer additional values to our customers!

- We've even had restaurants that were unable to be in the book offer dining values to get Greater Knoxville Lifestyle customers coming through their doors. Once again, we'll be happy to let everyone know about these special offers, but we can only do this if the fundraising organization they supported has given us their email addresses!

Note: It's a great way to remind them that supporting your group benefits them too!

At Greater Knoxville Lifestyle, we love finding new ways for fundraising groups to earn more money.

By now you may have heard some of the reasons that Greater Knoxville Lifestyle is one of the best fundraisers around.

"There's no risk! You pay nothing up front."

"You don't get 'stuck' with anything—simply return what you don't sell."

"It was such an easy sell for us. I mean, who doesn't want to save money!"

But did you know that you can also make money by referring others?

In addition to this group, you may belong to other organizations that raise money, or you may know of other groups that could use a safe and easy fundraiser.

When you give us contact information of another group that hasn't fundraised with us before, we'll be sure to get in touch with that group. **If they decide to fundraise with us, we'll give your group a bonus that equals 10% of their first year's profits!**

Let's say several people in your group have referrals to give us and five new groups fundraise with us because of your referrals—that means you'll receive a 10% bonus of whatever those groups earn!

For example: If two groups sold 75 books each and three groups sold 100 each (earning them \$4,500 total), your group would receive \$450 for doing nothing more than telling us about them! *How easy is that?*

So who can you refer? Anybody that might need to raise money! Maybe you're a member of other organizations. What about those friends, neighbors or coworkers who've sold things to you in the past? *Here are examples of just a few!*

How would you like to earn OVER \$14.00 per book in your fundraising efforts?

Knoxville Lifestyle's Bonus Program for New Organizations

As a new group, Knoxville Lifestyle would like to offer your organization an incentive to use our book by giving your organization **FREE BOOKS** when you reach a certain sales goal. For example, if your organization sells 50 books in your first year of fundraising with us (earning \$500), Knoxville Lifestyle will give you **FREE BONUS** books! You can sell these free books and earn the full \$35 each for an additional earning of \$140. And that's just the beginning! One or two people getting involved may be all it takes to reach your organization's goal and earn **FREE** books!

That's a 28% increase in profit of the money you earn!

Please note that this special incentive program is only for New Organizations fundraising with Knoxville Lifestyle and is different from our regular incentive program that is based on the increase in the number of magazines sold over the previous year's sales. See the chart below for our incentive program and set your goals high!

Knoxville Lifestyle Bonus Program for New Organizations

What about a member? Is there any way our organization can reward members who work really hard?

Sure! The most successful way we've seen to motivate those diligent members who actively participate in your fundraising effort is to also provide them with a great bonus.

New Incentive for Your Members

Any member that sells 20 Knoxville Lifestyle books will **NOW Receive One FREE Dining Card** from Knoxville Lifestyle.

So take the enclosed "REWARD" flyer and make copies for everyone to let them know how important their participation will be.
